

Topic: Seafarers. We are looking at ancient **boats** and **explorers** from around the world!

Here are some ideas to support our learning from home - bring your project in as soon as it is ready to share in class!

Explore the Cutty Sark!

What were ancient boats like?

Find out about the Portuguese explorer Vasco da Gama

Ideas: Draw pictures, write information, or even make a model boat!

Science: We are identifying plants and the different parts of a plant. We will then look at identifying common plants and trees.

Go on a nature walk with your family. Take a scrap book and a camera and make note of the different plants and trees you find. Can you sketch the leaves to help identify the type of tree? Or you could have a go at planting some seeds at home!

Healthy Me: In PSHE we have been learning about how to keep our bodies healthy. Here are some ideas to try at home

Make a healthy snack or meal. Take photos and write out the recipe and instructions to add to a class recipe book!
