Ideas to support learning, play and well-being

Learning at home

Spending a little time to create the right environment for learning at home can really help children focus. If possible, try to find a place that's free from interruptions and turn off any devices that may be distracting. Encourage them to have all their equipment at hand and to take regular breaks so they can stretch their body.

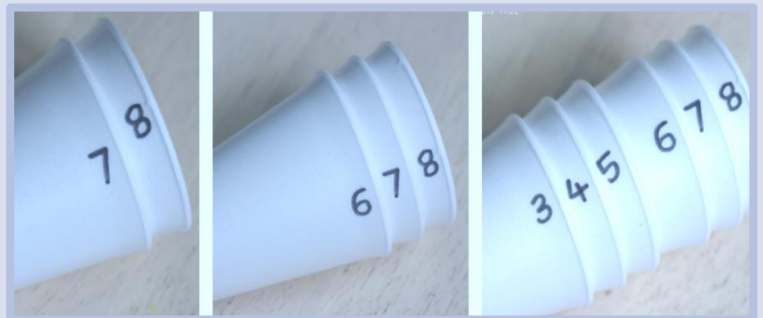

Building Strong Identities

To mark Black History Month, October's Platform to Talk is on the theme of 'Building Strong Identities'. The online session will explore the importance of belonging, culture and identity. Discover how these elements can enrich your child's learning and self-esteem. Platform to Talk- Building Strong Identities, Friday 7 Oct at 10am, delivered online, through Zoom. Register [here](#).

Place Value Cups

Write the digits 0-9 on a set of disposable cups. Now say a two-digit number like 78 and get them to create it using the cups. Challenge them by getting them to use the cups to create even larger numbers.

Autumn Art

Create your own Autumn art- using found natural materials like leaves. Look carefully at the shape of the leaf and see if it reminds you of anything. Use paint and pens to add features and create animals or you could even invent your own imaginative creatures!
