Dear Parents and Carers,

Goodness it has been a very busy couple of sporting weeks, with all three school Sports Days happening as scheduled which is remarkable, thank you to the weather! As well as many other events.

The children were effervescing with excitement in Collective Worship this afternoon, with so much to celebrate. The fastest sprinters in each year groups were particularly proud to receive their medals from Anna! Anna also shared the house points that had been awarded in each of the Sports Days and the children learned that the overall winning house for the whole school was Blue Florence Nightingale House. Over the next couple of weeks, the Houses will continue to earn points and before the end of the school year, totals will be calculated and then we will make sure that the winning house get their treat for doing so well.

It was lovely to over hear one of the children proudly sharing with the Energy Kidz staff outside my office this evening, that he was in the winning house!

Thank you to all of you who came to support the events. It means so much to the children that you are there.

#### Music Concert

Next week, we switch our attentions from Sport to Music. Mr. Griffiths has been working hard with the children and the Music tutors, to prepare the children who are learning instruments in the school, to perform to the rest of the school and then their parents.

Sent with this newsletter, is the programme for the concert. As you can see, there are a great number of performances planned, so if you are coming to watch, please make sure that you arrive in time for the scheduled start time of 2:30pm.

#### THAMES Celebration Concert

Remaining on the subject of Music, two of our children represented the school at the THAMES Awards Orchestra concert at Shoreditch Town Hall on Monday 20th June. They played the violin and cello beautifully in an inspiring event - the first since Covid-19. It was a fantastic experience for them and we look forward to providing more experiences like this in partnership with THAMES in the future. A huge well done to both musicians!

#### Attendance

A plea from me to please keep bringing the children in to school every day and to avoid booking any travel before the end of the school year. Our curriculum is planned up until the very last day, so any time that the children have away from school, is lost learning time. A number of class trips are planned between now and the end of term too, and we would not want the children to miss those.

More than half of the classes had attendance below 95% this week, and we need you help to do better.

#### End of term arrangements

But also a nod to the end of term. Because it is the end of the term and the school year, on the last day, which is Thursday 21st July, the school will close at 2pm. There will not be any clubs on that day and this includes Energy Kidz After School Provision. Please make sure that you have made arrangements to pick your child (ren) up earlier than usual on that last day.

This week Marina Birch Class shared that she prayed to God when she had bad thoughts during sleep, and God helped her to have good thoughts and dreams.

May we all sleep well this weekend. With thanks and very best wishes, Rebecca Abrahams

### East London Scouts

Help raise money for the 2nd East London Scouts Group for their trip to Montenegro in July.

To help them and local people, Jason Challiss one of our parents, is running a 4-week health and fitness kickstart programme starting this Sunday 26th June 2022 which will be both online (home workouts) and in person once a week group workout in Millwall park.

This would normally cost £99 but is on special offer for £49 all proceeds will go to East London Scouts Group to help fund the trip so the kids can have an experience of a life time.

Anyone taking part would get:-

- Home workouts 2 x per week direct to the phone/tablets
- 1 in person Group training Sessions (Sunday morning)
- 40+ recipe pack 5 ingredient recipes
- Access to a private FB group full of nutritional help and guided for the duration of the 4-week programme.

## Class catch-up

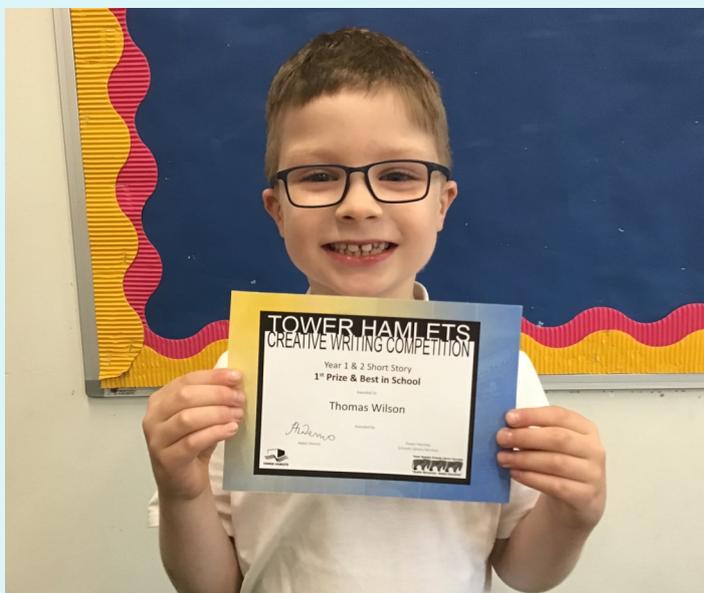

In Science this week Birch Class learned about a scientist from France called Louis Pasteur and his scientific findings about germs.

We enjoyed doing an experiment about germs and discovered the importance of washing our hands often.

Congratulations to Thomas Wilson from Birch Class who entered the Tower Hamlets Writing Competition and came out **FIRST!!!**

Keep up the excellent work Thomas! You are a superstar!
